This Wednesday was Administrative Professional's Day. We are very lucky to have such caring and compassionate staff members working with out Junior Aviator Staff each and every day!

Junior Aviator Parents & Guardians,

We have completed the Language Arts portion of the NJSLA state assessment. The make-ups are scheduled for the week of May 13th. Mathematics will begin on Wednesday, 5/1/19. An important thing to note is that the testing site provides students with a calculator, however, if the students would like to use their own, they must bring the calculator in to school with them.

Please check out our **Important Dates** section as the end of the school year is quickly approaching!

Have a great weekend.

Joseph Mastropietro

Today was our Read Across America Performance for the 6th and 7th grade students. The kids had a great time. Singing and dancing was worth it to get our students to read!!!
