March Big Idea: **Hope**

Hope means believing that something good can come out of something bad.

Animal: **Butterfly** Butterflies are interesting because of the metamorphosis they go through. They are colorful and graceful as they fly. The smallest butterfly has a wingspan of only 1/2 inch, while the largest can measure 12 inches from wingtip to wingtip. Many of them are in the blue to purple range, just like our color this month.

Color: **Purple**

Weekly Buzzword - climate (noun) The weather conditions in an area over a long period of time.

Euclid School Is proud to announce our 2019 Teacher of the Year... Mrs. Betty Chiu

Mrs. Chiu currently serves as our K-5 Media Specialist, Gifted and Talented Teacher and Monitors outdoor recess for all of our students. Her job is massive and she still found the time to lead a team of teachers, with the support of the Euclid School PTA, bring a celebrity Author to our school and really schedule one of the best Read Across America Weeks that we have seen. We appreciate what Mrs.

Chiu does on an daily basis
