Dear Parents/Guardians,

The New Jersey Student Learning Assessments for English Language Arts/Literacy (NJSLA-ELA) and for Mathematics (NJSLA-M) measures the extent to which students are, or on track to being college or career ready in each of the two respective areas. The test in English Language Arts/Literacy assesses student proficiency in reading and comprehending a range of grade appropriate material independently. It also provides a measure of how effectively a student writes when using and/or analyzing sources. The test in Mathematics measures student competencies in the major and additional/supporting content in mathematics for grade or course, as well as student grade-appropriate mathematical reasoning and modeling skills.

Below, please find our NJSLA administration schedules for ELA and Math:
